

Dear Doily Stampin Up Set Card #2 With Video 1/26/19

The first thing that you need to do is cut all pieces of cardstock and DSP according to the supply list. The Stampin Trimmer works well for this.

Score the $5\frac{1}{2}$ " by $8\frac{1}{2}$ " piece of Whisper White Cardstock at $4\frac{1}{4}$ " on the long side. Fold along the score line and burnish with a bone folder. The following drawing is not to scale but for general understanding.

Now glue the piece of DSP, (Designer Series Paper) All My Love measuring 3" by 5" to one piece of the Soft Seafoam measuring 4" by $5\frac{1}{4}$ ". You should have $\frac{1}{2}$ " border of soft seafoam cardstock down each side of the DSP. Place the 6" piece of Whisper White Flax Ribbon horizontally on the front of the pieces you just glued together and tape the ends to the back of the card front. Now glue the entire front piece to the card base. Lay aside for now.

Stamp the $4\frac{1}{2}$ " by $4\frac{1}{2}$ " piece of Whisper White Cardstock with the sentiment **Just For You** in the center of the square of cardstock using the Flirty Flamingo Ink Pad. Also stamp the last 4" by $5\frac{1}{4}$ " piece of Soft Seafoam with the sentiment Sending Love from the Climbing Rose Stamp Set or whatever sentiment you think appropriate. You may also want to leave the inside without a sentiment to have more room to write a note.

Note: If you prefer you may use the Memento Tuxedo Black ink to stamp sentiments with instead of the Flirty Flamingo.

The long stamp with leaves will now be stamped with Soft Seafoam Ink on the Whisper White Cardstock measuring $1\frac{1}{2}$ " by $4\frac{1}{2}$ ".

Now you are ready to use the dies to cut some pieces. Take the square with Just For You stamped on it and lay the circular doily die, that doesn't have a center, over it centering the sentiment in the middle. When centered run through the Big Shot. Next take the same die and place in one corner of the Flirty Flamingo piece measuring 4" by 4". Also take the tiny Doily Die and place in one corner of the same piece of cardstock. Now run these two dies through the Big Shot. You will need to cut at least two more of the tiny doilies. Next use the largest of the Layering Circle Dies with the scalloped edge and cut a circle from the Soft Seafoam measuring 4" by 4". Lastly take the die that matches the long leafy piece stamped on Soft Seafoam and run through the Big Shot.

To finish assembling the front of the card glue the outer ring of Flirty Flamingo doily to the Soft Seafoam scalloped piece. Save the center of the Flirty Flamingo doily for another project. Next take the Whisper White with the sentiment Just For You stamped on it and glue it into the

center of the Flirty Flamingo ring. Lay aside until you position the leafy piece near the right side of the DSP on the front of the card. Use a little glue to hold this piece. Next put Stampin' Dimensionals on the back of the sentiment piece and place in the center of the DSP on the front of the card.

Lastly glue the soft seafoam piece measuring 4" by 5 1/4" to the right side of the inside of the card.

Now you have a lovely card to send to someone who will be thrilled to get it!
